Returned from His Wanderings.

Joseph Wasson of this city, the well-known journalist, returned from "beyond the Mississippi" on Monday evening last, and is at present sojourning in San Francisco. He came over to Oakland yesterday afternoon, in company with Buffalo Bill, with whom he was associated while both were with Gen. Crook's command in the Yellow Stone Indian campaign. When Gen. Crook was ordered from the scenes of his triumphs in civilizing the Apaches of Arizona, to the hostile country in the Black Hills, Joe Wa son (between whom and General Crook there has long existed a warm friendship) determined to accompany his favorite Indian fighter into the golden country of the hostile Sioux. Accordingly, he left here something over a year ago, went to Cheyenne and thence to Fort Fetterman, where he joined General Crook and remained with him through the Summer's campaign. He then went to Washington; subsequently passed some months in New Orleans, watching and recording the acts of the Returning Board, and from there he went to Montreal to meet Pinney. Since then, until ten days ago, Joe has been in Washington.

Walking for the Hero.

A walking match of one hundred miles, for the benefit of the widow of Frank Hodgin, who lost his life in a heroic effort to save the life of the boy Bernstein from drowning, is to be undertaken by Robert Allen of Pittsburgh, Pennsylvania, Geo. Armstrong of San Leandro, and Wm. Chenoweth of Oakland. The walk will come off at the Recreation Grounds in San Francisco as soon as the matter can be fully arranged. The entire gate money is to be given to the widow. The pedestrians of San Francisco are invited to take part. Those wishing to enter are requested to address George Armstrong, San Leandro.

Fruit Destroyed.

The recent "hot spell" literally cooked cherries, plums and currants on the trees about San Leandro and Haywards, in this county, and we presume in most of the valleys of the State. So thoroughly were these fruits boiled in their own juices that fermentation has set in, and unless people are careful to eat none but that which is thoroughly fresh and sound, a great deal of sickness may ensue.

REDUCTION IN GAS

Important to Landlords and Gas Consumers.

SAFETY AND ECONOMY.

OFFICE OAKLAND GAS LIGHT CO., September, 16, 1876.

IN CONTINUANCE OF THE POLICY FOLlowed by this Company since its formation, and to lower its rates as warranted, the Oakland Gas Light Company hereby give notice, that from and after the 1st day of October next the price of gas will be reduced to

$4 PER THOUSAND CUBIC FEET.

Considering the value of coal and labor, th limited use of gas and the distance between the points of consumption, Oakland is one of the most cheaply lighted cities in the Union.

Some of the advantages of cheap gas are:

1st. A daily saving in the cost of one of the necessaries of life.

2d. A decrease in the number of fires caused by the use of the dangerous distillates of Petroleum.

3d. A saving of human life by substituting stationary lights for the brittle of lamps.

It is hoped that this further reduction will be favorably accepted by the public, and that the Company will receive many accessions to the number of its consumers.

LEVER POWER!
GREAT INVENTION!
United States Patent Secured
WILLIAM MEYERS, OF WEST OAKland has invented a pump, which, for economy and simplicity, has no equal. One horse can pump as much water by this process as five horses can by any other process known. Steam, horse, water or hand power can be used to a much better advantage than by the present system of working pumps. Its cost is 80 per cent. below the average cost of steam pumps, and its pumping capacity and speed is twice the average of the present pump. The use of it can well be recommended to farmers for irrigating purposes; to owners of all classes of sailing crafts and steamboats; miners and mill owners. One of these pumps is now in operation on the large vegetable plot of Domingo Grandona and Frank Sereman, at West Oakland, located at the head of Wood street. In an ordinary run of 10 hours, with one horse, 90,000 gallons of water is pumped from a depth of 40 feet. These machines, fully equipped, only costs $350. Orders solicited. Address, William Meyers, 1463 Seventh street, or Oakland Postoffice.

OUR NEW PATTERN.
The new Pattern of English Stone China, called the Cable Pattern, has become very popular, being as handsome as French China, while it costs about one-third the money. TARRANT'S SELTZER APERIENT

The Crucial Test of the value of a medicine is time. Does experience confirm the claims put forth in its favor at the outset? is the grand question. Apply this criterion, so simple, yet so searching, to TARRANT'S EFFERVESCENT SELTZER APERIENT. How has it worn? What has been its history? How does it stand to-day?
Tarrant's Seltzer Aperient
Is a household name throughout the United States. It is administered as a specific, and with success. in dyspepsia, sick headache, nervous debility, liver complaint, billious remittents, bowel complaints (especially constipation), rheumatism, gout, gravel nausea, the complaints peculiar to the maternal sex, and all types of inflammation. So mild is it in its operation that it can be given with perfect safety to the feeblest child; and so agreeble is it to the taste. so refreshing to the palate, that children never refuse to take it. Metallic Frauds.

One of the strongest arguments in favor of remonetization of silver is that it has always been the money of the people. A man who works for weekly wages keeps no gold in his pockets. Gold is not hoarded, but silver is, and it is on money in the pockets of the people, and hidden away in fireplaces and old stockings, and not in deposits in banks, that the country has to depend in panic or emergency. The great mass of the people seldom handle gold, except as they have been compelled to buy it from brokers at a loss of from a dollar to a dollar and a half of their hard earned silver. Silver is the poor man's money, and they who would debase it are the worst kind of enemies to the working classes and of the country. Every silver half-dollar and dollar piece coined by the United States government is a measureless, heartless lie to the working men who earn their bread by the sweat of their brow and receive their pay in government silver coin. The poor have bitterly felt the deception for many months past. A change cannot make matters worse than they now are. A special from Washington states that the Administration has undoubtedly agreed upon a policy of remonetizing silver; that they hold that it is not wise for the United States to cast silver out entirely and permanently; that the theory of a double standard is the true one.

Indian History:

Indian traditions are usually so full of romance that where they are not confirmed by contemporaneous history they are received with but little credence. It may be an old story to some persons, but it will be new to many, that the Sioux tribe, who have given the Americans so much trouble, were allies of the British during the Revolutionary war. Recently several small bands of these Indians, becoming close pressed by the United States troops, crossed the line into British America, and threatened the peaceful Indians there if they would not come over and help them in their conflict with the United States authorities. The Sioux now claim that they are British Indians; that sixty-five years ago was the first they ever knew of being under Americans. Their fathers were told at that time by a chief of the British fathers that if they did not want to live under the Americans, they could go further north into British territory. They claim to possess medals given their fathers by the British for fighting the Americans with whom they had never made peace, and they now wonder why the British gave them and their lands to the Americans.

The latest swindle reported in the mining stock line was perpetrated on the pastor and congregation of a San Francisco church. A couple of prominent members first presented their pastor with a thousand shares of the stock, which so thoroughly interested the good man in the development of the mine that he talked his flock into taking some seventy-one thousand dollars worth altogether.

It is understood that Dr. Linderman will recommend in his next annual report the coinage of a two dollar piece, to take the place of the two dollar and a half piece. It is to be hoped the Doctor will do nothing of the kind. The two dollar and a half piece is small enough. When it comes to handling a less sum, silver quarters and halves are good enough and more convenient.

The Chicago Tribune has a correspondent at Bucharest who is complete master of the situation, and a head and shoulders higher than all other correspondents in his capacity for gathering news. He says: "The Czar, before he left the Capital, personally informed the writer that a Russian new era of conquest had begun!"

Grasshoppers have appeared in great numbers in the southern portion of San Joaquin county, and are eating everything green that comes in their way. They are too late to do the wheat any harm, but have stripped the stalks of all leaves, leaving only the head and stem standing.

Brigham Young is to be prosecuted on the charge of misappropriation of government lands while he was Indian Agent some twenty years ago. The papers on file in the Comptroller's office, covering his disbursements, have been placed in the hands of the Attorney General.

Statistics show that the number of Chinese who left Hongkong for the United States during 1876 was 5,134 less than the previous year. They will probably make up for lost opportunities this year.

General Sherman thinks Russia is aiming mainly at acquisition of territory in Asia. Russia wants Trebizond and the valley of the Tigris, to get to sea by way of the Persian Gulf.

LEGAL NOTES.

The Fifteenth District Court has adjourned until July 9th.

Fifteen suits were commenced in Justice Graham's Court yesterday.

Justice Graham yesterday united in the holy bonds of wedlock W. E. Beadwell and Agnes J. Tripp, both of San Jose.

Jacob Greisback brought suit in Justice Graham's Court yesterday, for $47 07, money had and received for defendant's use.

In Justice Graham's Court yesterday, D. McLauren brought suit against John Hassell to recover $9 27 for goods sold and delivered.

The next term of the Third District Court would commence next Monday, but Judge McKee will issue an order postponing the opening until July 9th.

Freeman & Jaffe yesterday, in Justice Graham's Court, recovered judgment for $20 25 against Murray & O'Hare for merchandise sold and delivered.

NOTES AND EXCERPTS.

Pope Pius is an old man, but he has not held sway so long as Queen Victoria, or Dom Pedro, Emperor of Barzil.

Daniel Webster's old law office at Plymouth, N. H., has been bought by Congressman Blair, who is repairing it and means to devote it to the purposes of the free library

The Sandusky Register and Datyon Journal unite in the thought that John A. Bingham, having been a salary-grabbor, will not do for Republican Governor of Ohio.

Discussing the uses of unscrupulous men, George Eliot remarks that they enable men of more scruples to keep their hands tolerably clean in a world where there is so much dirty work to be done.

West Point has 76 students in its graduating class—the largest number in several years. In their ranks are the sons of two Confederate generals, a son of Secretary of State Bigelow, a son of Gen. Benjamin F. Butler, a son of Gen. F. P. Blair, and a colored cadet named Flipper—who has been an excellent scholar.

Gen. J. M. Comly, who has finally accepted the mission to the Sandwich Islands, is an old army comrade and intimate friend of the President. He went out as major of the 23d Ohio, of which President Hayes was colonel, served under him in the Valley, rose to the command of the regiment and to a brigadier's brevet.

The American Naturalist for June contains an article by the Hon. J. D Caton of Illinois, on "The Wild Turkey and Its Domestication," and also a review of the same author's work on "The Deer of America." There is hardly a higher authority in the country on the subjects named than Judge Caton. He has at different times had in his park at Ottaw specimens of nearly all the deer extant in America.

Miss Eve Boucicault, the eldest daughter of the actor and playwright, is going to marry John Clayton, the gentleman who played "Osip" in the London representations of "The Danicheffs," and who made a success as the hero in "All for Her," the play which did not become popular here. His "Trevor" was a very beautiful and pathetic creation. Miss Boucicault is a pretty and bright young lady.

Among living American artists wh have received honors or medals from the French Government are Albert Bierstadt, who received the Legion of Honor in 1869; F. E. Church, who took a medal of the second class in 1867 at the Universal Exposition; G. P. A. Healy, who won a third-class medal in 1840 and a second class in 1855. The fourth and last is Edward May, who was honored with a third class in 1855.

Minister Pierrepont must possess an immense fortune, thinks "The London world," and it adds: "Mr. Pierrepont really should moderate his transports of gratitude for hospitality received. He has already caused a serious rise in the prices of poultry and American beef, and his cook must be half dead with work. There is no sleeping within a mile of Cavendish-square for the rattle of carriages and the sounds of riotous living."

The Western man who fails to discover a new bug is not thought much of. Judge Stewart, of Iowa, is the latest, heard from. He contributes a new pest resembling the pinch bug, which has destroyed all the chestnut, butternut, elm, and cottonwood trees on his place, and has commenced on the apple trees. Mr. Stewart says there are millions of them. In daytime they work into the ground around the trees, and cover themselves up, about sundown come out, ascend the trees, and go to work.

The Cincinnati Enquirer has the following paragraph, which, considering the source, is invaluable testimony: "Whatever criticisms may be pronounced upon the Administration, it is universally conceded that Mrs. Hayes is entitled to credit for inaugurating a reform in the customs and manners of society in Washington. That loud, garish, vulgar display that characterized society for several years past is succeeded by a quiet grace and simplicity that are refreshing, and meet with commendation on every hand."

Two handsome and witty ladies of London—Lady Seabright and Mrs. Monckton—have become prominent as actresses in amateur theatricals, which, from being private, have become semi-public; that is, they have been acting in drawing-rooms where any one may obtain admission by paying one guinea, the proceeds being devoted to charitable institutions. The two ladies acted together on one occasion only, and there was little to choose between them. Mr. Conway believes better acting can be seen for one-fourth the money at several theatres in London.

Erastus Brooks, in his farewell to the public, after forty-one years of editorial service, says that, with the constantly increasing expenses of daily journalism in New York City, the chances are that there will not be as many newspapers published in New York City twenty-five years hence as there are at present; and, if experience teaches anything, there will not be occasion for them. "The increase of newspapers, like the multiplication of colleges in the States, is no sign of an increased diffusion of knowledge, for within probable limits the fewer there are in the city the better and cheaper they will be."

Capt. Burton has found gold and precious stones in the Land of Midian. At the request of the Khedive he explored the desolate region bordering upon the easternmost of the two long and narrow estuaries in which the Red Sea ends. Accompanied by a French engineer, Capt. Burton landed in Midian on April 2 and explored a region full of ruined towns, built of solid masonry, with made roads, aqueducts five miles long, artificial lakes, and massive fortresses. He reports the existence of gold, silver, tin, antimony, and turquoise mines. The auriferous region is extensive; indeed, the discoverer beleives he has opened up a California, and the Khedive proposes to have the country worked by European capitalists. In the Bible, Midian is described as a land full of metals, especially gold, silver, and lead. The spectator considers it more than probable that Solomon's Ophir was situated there, as the small ships in which he imported gold, ivory, and peacocks were launched at the head of the Red Sea. Midian is part of the Egyptian Viceroyalty.

Mrs. Millicent Fawcett, the writer, and wife of Prof. Fawcett, M. P., says that in Dickins's novels feminine virtue is nearly always undersized, easily melted into tears, and more or less idiotic, and Thackeray represented the best of women as subject to absurd jealousy. Dickins's "Mrs. Jellaby" had done a great deal of harm. Her eyes were always fixed on something far off, as if she saw Africa and Borrioboola Gha, while her children ran about neglected. That had encouraged the mistake that a woman who had sufficient mental activity to be interested in philantropy, literature, or politics, would not care also for her family. Common experience gave no support to this impression. George Eliot had more knowledge of women than either of the other two great writers; her Romola, Fedalma, Dorothea were admirable. Her minor characters—Hetty, for instance—were also perfect, and the simply worldly sayings of Mrs. Poyser, Mrs. Cadwallader, and the aunts in "The Mill on the Floss" were rapidly passing into the language.

In the Police Court this morning Robert Peacock forfeited $30 bail, J. P. Johnston was fined $20 or twenty days, and Mrs. Annie Johnston $15 or fifteen days—all for disturbing the peace by a family row near the corner of Second and Madison streets last Sunday morning.

Captain Rand admits the truth of all the statements made in our article yesterday touching the doings of the Pound Ring, except as to the matter of his recommendations of Rattory for the position of Poundmaster, and as to that, he says he has no privileges or authority in the matter.

The Oakland Harmonic Society has elected the following named officers: President, R. J. Harrison; Vice-President, C. S. Wilson; Secretary, W. Walker; Treasurer, John T. Coe; Librarian, Aaron Barstow; for additional members of the Board of Directors, O. Button and F. M. Lang.

Fourth of July Committee.

Most of the Fourth of July Committee of Twenty-one appointed by the City Council assembled at Dietz Opera House last night to see Buffalo Bill, and hence the meeting called at Justice Lentell's office was not a success, numerically. It was therefore decided to adjourn until 8 o'clock this (Thursday) evening, at the office of School Superintendent Campbell, at which time and place it is to be hoped every member of the Committee will be present, as some definite plan of action ought to be at once adopted.

The Arson Cases.

The examination of Simon and Sarah Walter, the latter on a charge of arson in setting fire to her residence on Fifth street, near Chester, and the former on a charge of being accessary, was commenced in the Police Court this morning, and was still going on at 2:30 this afternoon. The evidence, though circumstantial, is strong against the woman.

BIOGRAPHICAL.

The Army and Navy Club and the Late C. J. Robinson.

At a meeting of the Army and Navy Club of Oakland, held at the office of Judge S. F. Daniels last evening, with A. S. Hubbard in the Chair, the Committee appointed to prepare a memorial and resolutions of respect to the memory of the late C. J. Robinson, submitted the following report, which was adopted and ordered spread upon the minutes:

OAKLAND, Cal., May 13, 1877.

To the President and Members of the Army and Navy Club of Oakland: Comrades—Your Committee appointed to prepare a short memorial and resolutions in memory of our late comrade, C. J. Robinson, submit the following:

Comrade Chas. J. Robinson was the son of Thomas Robinson, and was born on his father's farm, near Clarendon, Orleans county, New York, June 2, 1838, being the youngest of seventeen children.

He early showed the germ of possessing a high order of ability, which his parents cultivated by securing to him the best teachers where he resided. With the view of educating him for one of the liberal professions, at a proper age his father placed him in charge of the late venerable Dr. E. Nott, President of Union College, from which he graduated. Professor Williamson, of the Deaf, Dumb and Blind Institute, and Professor McChesney, Principal of the Oakland High School, were his class-mates.

After graduating he remained in Wisconsin, and taught school in Milwaukee. In 1859 he entered into business with an elder brother in constructing a railroad in Tennessee, where he was when the rebellion broke out.

He immediately returned to Wisconsin and assisted to raise a company for the first Wisconsin Volunteer Infantry (Col. J. C. Starkweather), and was commissioned by Governor Alex. W. Randall as first Lieutenant of Company H, September 25, 1861, and staid with his regiment in the army of the Cumberland until honorably discharged (by order of Maj.-General D. C. Buell), at Nashville, Tennessee, June 19, 1862, for disabilities in line of duty incident to a soldier. Subsequent to his discharge from the army, Lieutenant Robinson returned to Wisconsin, then to New York, the home of his mother, and thence to Boston for medical advice.

In 1863, Secretary Chase appointed him a Treasury messenger, and sent him to this State in charge of a large sum of greenbacks.

In 1866–67 he resided in Virginia City as ore assayer for the Savage Mining Company.

In 1868 he was employed in the office of the Collector of Internal Revenue for San Francisco district. In 1869 he entered into business as partner and employer with Burnham, Standiford & Co. of this city, remaining until appointed Deputy City Clerk and Treasurer of Oakland, which office he held until his demise.

Comrade Robinson was married in August, 1866, in Virginia City, to Mrs. Mary A. Nichols, by whom he had two children, aged six and nine years, and whom he left in rather destitute circumstances.

Comrade Robinson by his orderly work and correct moral deportment as a citizen has left a character without a stain, and his integrity as a public officer of the city is known to us all. As a soldier and officer, the records of the War Department bear testimony to his strong individuality, strict attention to duty, bravery and gallantry in the field.

Last year, when a call was made by hundreds of discharged soldiers and sailors for the organization of a club, our deceased comrade was one of the first to assemble, and was elected Treasurer of the same.

In conclusion, your committee recommend the adoption of the following resolution:

Resolved, That the foregoing be placed in the archives of the club, and a copy be transmitted to the family of comrade Robinson, and also that a page of our records be reserved to his memory.

Comrade E. M. Gibson, for the Committee, made a verbal report on the action had by the Committee on Decoration Day.

The President and Secretary were directed to prepare a circular letter, to be transmitted to all soldiers and sailors of Alameda county, inviting them to attend the meetings of the club and connect themselves with the same.

ALAMEDA MATTERS.

Progress vs. Pessimism — Needed Improvements.

[FROM OUR RESIDENT CORRESPONDENT.]

For some time past the people of Alameda have been in a quandary, the Town Treasury being inadequate to supply all the demands upon it for needed improvements, among which were a Town Hall and an Engine House. The question has been happily settled, however, by the decision of the Town Council, which decided to have a

TOWN HALL AND ENGINE HOUSE

Combined. While the subject was before the Board, a gentleman present said that while it was absolutely necessary to have a more commodious place of meeting, he did not believe the tax-payers would unite to build an expensive Town Hall and go into debt for the same, which would really not be needed for some time to come; yet because they did not have money enough to do all they wished to do, it was no reason why they should sit still and do nothing. On the question of

OPENING THIRD AVENUE

Being taken up, Gideon Aughinbaugh handed in a protest, and was allowed to address the Board. The members leaned back in their chairs and resigned themselves to their fate, while this indefatigable protestant wandered promiscuously in his remarks round a circle ever beginning and ending with "If they have a right to petition, we have a right to protest." About the tenth round he was interrupted by the Board, and the subject was referred to the next meeting.

There can be no doubt as to the action the Board will ultimately take in this matter. The time has gone by when a few chronic croakers can retard the progress of Alameda; yet, at the same time individual interests should be respected and equitable remuneration be allowed.

GALA ENTERTAINMENT.

One Hundred Rich and Cultivated Voices in Concert To-Night, Accompanied by a Grand Orchestra.

A rich and rare musical treat will be afforded the cultured people of Oakland at Dietz Opera House this (Thursday) evening. For some months Professor G. W. Jackson, of this city, has had under rehearsal by one hundred voices the oratorio of "Esther, the Beautiful Queen," and to-night it will be rendered with all the characters arrayed in gorgeous costumes and with the finest scenic effects that art can produce. A grand orchestra, under the leadership of Joseph Schmidt, one of the most accomplished violinists living, will lend an additional charm to the entertainment, and nothing has been left undone to insure the entire success of the undertaking. Miss Lilian Jackson will appear as Queen Esther, and on this occasion Mr. J. E. Blake, the great basso from the Boston Conservatory of Music, will make his first appearance before a California audience. The doors will open at 7 o'clock, and the entertainment will commence at 8 o'clock sharp.

In Again.

Hash Israel, who was arrested some time since for a violation of the license law, and who then declared that he "carried the law of Moses in his shirt collar," was arrested yesterday afternoon by officer Dodge on a charge of burglary in the second degree, alleged to have been committed in the robbing of a till in a barber shop in Porter's Block at the junction of the avenues.

Resignation of Bancroft Davis, Minister to Germany.

Secretary Sherman on the Restoration of the Silver Dollar.

NEW YORK, June 14th.—A Times Washington special says: With reference to the restoration of the silver dollar to the status it had prior to the act of 1873, Sherman says: "The conditions are such now that the restoration would be unwise. Then all the Latin nations were coining silver at the rate of 15½ to 1. Then there was a market for our silver and a demand for it. Now France, Germany, Switzerland, Italy and Belgium are not coining any silver. It has become a drug in a glutted market, and if we were to restore the silver dollar as it was before the Act of 1873 we would be compelled to buy the surplus silver at ruinously high prices. Silver must be worth as much or more than gold before we can hope to have the silver dollar of our forefathers, in all that term implies. The silver dollar advocates, in the opinion of the Secretary, are losing sight of some very important landmarks and becoming somewhat extravagant. To permit any man who happens to own an old teapot to rush off and have it coined into silver dollars, which he may put into circulation immediately, is simply absurd.

Federal Patronage for Illinois.

NEW YORK, June 14th.—The Tribune's Washington special says: Governor Cullom and Senator Oglesby of Illinois, who have been here for several days for the purpose of arranging for the Federal offices in their State, have left for home without accomplishing anything. The President gave them repeated audiences, but carefully refrained from making any promises. Cullom said before leaving that the newspapers had charged him with coming here to get everything, and that he has succeeded in getting nothing. The principal points which he and the Senator wanted to carry were to have Sheridan Waite made Collector at Chicago, and to have the pension office remain at Springfield after the consolidation, and Pension Agent Jesse Moore retained.

Sympathy for Tweed.

NEW YORK, June 14th.—The Times says: Tweed's friends are indignant at the way he has been treated. His statement made to the Attorney-General under pledge of secrecy, has, they say, been shown to a number of people, and it is asserted that Tilden has a copy of it in his mansion, where it will be kept to be used in future to coerce persons who may be opposed to him in his political aspirations. They claim that Tweed's means are utterly exhausted and he is now confined in jail for the same amount (namely, $7,500,000) for which Sweeney was allowed to go free on payment of $400,000. The greater part of it is from the estate of his deceased brother, who who was one of the principal robbers of the city treasury.

What the New York "Herald" Special Says About the Mormon Leaders.

NEW YORK, June 14th.—The Herald's Salt Lake special says: Mormonism is so shaken in its very bones by the power given to Howard's elbow at Washington, and by partial intimation of evidence in his possession in regard to Priesthood, that the latter are kept very busy at the Lion House. Several secret meetings have been held there during the past few days. Mormon emissaries are on their way East and West, and Mormon missionaries already established in the East have received instructions to use every means to counteract the effect of the Herald's revelations.

Transportation of Fractional Currency.

NEW YORK, June 14th.—A Times special says: The debt statement for June will show a large reduction in outstanding fractional currency for the reason that the Treasury Department is now paying the cost of transportation incurred in forwarding fractional currency to the Treasury and shipment of silver coin in exchange. This course was adopted in order to encourage and expedite the work of redemption. Prior to June 1st the cost of transportation both ways had to be borne by parties for whom redemption was made. Banks are responsible for any scarcity of silver that may exist, because any amount may be obtained in exchange for fractional currency without cost.

Raid on Illicit Whisky Distillers.

NEW YORK, June 14th.—A Times' Washington special says: Some time ago a raid on illicit distillers in southwestern Virginia was made, in which a citizen who accompanied the Collector's party was killed. To-day Commissioner Raum received a letter signed by about fifty prominent citizens of that locality, among whom are County Judges, two District Attorneys and other officials, asking that a sufficient force be sent to co-operate with them in bringing these illicit distillers to Justice.

Death of an Actress—Minister Moran's Health.

NEW YORK, June 14th.—Lizzie Willmore, the comedienne, recently died in Edinburgh. Previous to her first visit to this country Miss Willmore married Willerton the comedian, a man of dissolute habits, from whom she separated and who died in the inebriate asylum at San Francisco, in 1871.

Minister Moran writes from Portugal to his brother in Philadelphia, under date of May 26th, that his health has been greatly improved.

Seventeen Year Locusts.

NEW YORK, June 14th.—The Times Newburgh, N. Y., dispatch of June 13th says: The seventeen-year locusts are here in abundance. They keep up a disagreeable hum-drum noise, but farmers do not think they will be dangerous in destroying the crops. Chickens and turkeys feast on them, and consequently it will be a good year for poultry.

Silver as a Legal Tender.

NEW YORK, June 14.—A World Washington special says: Both the President and Secretary Sherman have expressed themselves strongly in private to the effect that if silver is to be made a legal tender, custom dues and interest and principal of the public debt must be expressly exempted from the operations of the Act.

Secretary Sherman has informed Talbot, Solicitor of the Treasury, that he would like to have his resignation, as a political necessity required that his office should be given to another person. The Secretary said it was probable that other resignations would be asked. Talbot immediately complied with the Secretary's request, and tendered his resignation, to take effect July 1st. Assistant Solicitor Robinson is in New York, attending to his duties as a member of the Custom House Commission; so the Solicitor's office is without a head.

Senor Romero Appeals for Recognition of Diaz's Government.

NEW YORK, June 14th.—The World's Washington special says: Senor Romero has written a private letter here urging the recognition of Diaz's Government. He thinks that the Government will be a stable one. The main hope of the opposition of it in Mexico rests on its nonrecognition by the United States. In the interest of peace, Romero, who is popular at Washington, appeals for an early decision in favor of Diaz.

Tilden's Income Tax Suit.

NEW YORK, June 14th.—In the suit of the United States against Samuel J. Tilden to recover $150,000 alleged to be due as unpaid income taxes 1861 to 1871 complaint has been filed in the District Court by District Attorney Woodford. The answer of Governor Tilden is returnable in about a week. The allegations in the complaint set forth the supposed income of Governor Tilden for each year in question and the amount of tax paid.

Postal Route to the Black Hills.

CHICAGO, June 14th.—The Secretary of War and Postmaster-General have written to the Adjutant of the Military Division of the Missouri, officially recognizing the mail route from Fort Pierre, Dakota, across the Sioux reservation to the Black Hills.

NEW YORK, June 14th.—Twenty thousand dollars' worth of laces were found to-day by Inspector Chapman, with three packages belonging to two women and one man, on the steamer "Herder," from Hamburg.

U. S. Bonds Payable Only in Gold—Asked to Resign.

NEW YORK, June 13th.—A Post Washington special says: Assistant Secretary French has given an opinion that all United States bonds are payable only in gold, not in silver.

Connolly Wants to Settle.

NEW YORK, June 14th.—The Sun says: Fifteen months ago Connolly, who is in Switzerland, made a proposition to pay $500,000 to the city and return unmolested. The city demanded $700,000, which will probably be acceded to. Connolly is anxious to return.

Corcoran's Generosity.

NEW YORK, June 14th.—The World's Washington special says: The well-known philanthropist, W. W. Corcoran, distributed $20,000 among the poor men and women, who were recently thrown out of employment by reason of reductions in the departments.

Absconding Tax Collector.

NEW YORK, June 14th.—The World's Middletown, New York, special says: W. W. Cox, Tax Collector at Vernon, Sussix county, New Jersey, has absconded. He is a defaulter in the sum of $6,000. He failed in January for $60,000.

Bancroft Davis Resigned.

NEW YORK, June 14th.—A Herald cablegram says Bancroft Davis has resigned as Minister to Germany.

DARMSTADT, June 14th.—The Grand Duke of Hesse is dead.

New Gold Piece—Iowa Republicans and Hayes' Policy.

WASHINGTON, June 14th.—It is understood that Dr. Linderman will recommend in his annual report the coinage of a two dollar gold piece, to take the place of the two dollar and a half piece.

Senator Allison, who has just arrived here from Iowa, says there is every probability of a stormy time in the Republican State Convention there, which will meet on the 26th instant. He does not believe any resolution, condemning the Administration for its Southern policy, will be adopted. Such resolution will, however, be offered and vigorously advocated. It is the Senator's opinion that the platform will contain no allusion to this policy.

THE EASTERN WAR.

Speculations on Crossing the Danube—Russian Loans.

LONDON, June 14th.—Probably no attempt will be made to cross the Danube before July. This supposition is strengthened by the present state of the river. The enemy will, likely, be on the alert, on account of the Czar's arrival at headquarters, and, instead of the Czar's arrival it is thought by some as being an indication of immediate activity, it is much more probable that it will be allowed to lose its awakening effect on the Turks, and that they will be suffered to relapse in their usual lethargic state.

The Times says: The Russian loan of $75,000,000 was originally offered to houses here and refused. It is now to be issued at Paris and Berlin. It is stated that the issue price is 70 per cent., and that a Syndicate has taken the loan at a net price so far below this figure as to leave an ample margin. In face of the fact that an internal forced loan of 200,000 roubles has also been decreed, this borrowing indicates a rapid exhaustation.

Movement of Turks in Asia Minor.

ERZEROUM, June 14th.—The Turks, after occupying Olti, marched in the direction of Ardahan. A Russian detachment has been sent from Ardahan to reinforce the centre wing of the army. Twelve batallions of troops and a field battery and four mountain guns left Delibaba to attack a column of the Russian left wing before Teeprak Kaleh.

Operations on the Danube.

RUSTCHUK, June 14th.—On Tuesday a party of Russians opposite Maretin made an attack in boats upon a Turkish monitor there, but the latter, with the help of the land battery, beat them off. Yesterday another attempt was made to construct a battery on the islands, but the Turks compelled the enemy to retreat. Both affairs are considered feints to find out the position of the Turkish batteries.

LONDON, June 13th.—Desultory firing is reported from the batteries on the Danube. The Turks at Kars have made several sorties, but were repelled with loss. The Servian Government continues warlike preparations.

A Startling Rumor.

A well-authenticated rumor reaches us this afternoon that diseased hogs are being killed at Butchertown, near West Berkeley, and the meat sold for consumption in this city. As described to us, the disease attacks the animals in the form of an eruption, the cuticle being covered with red blotches. If the hog is let alone for forty-eight hours after the eruption appears, the disease strikes in with fatal effect. To avoid the loss the butchers at once slaughter the diseased animal and send the meat to market. The matter ought to be inquired into at once, and if the report has any foundation in fact the guilty parties should be speedily brought to justice, as such a practice endangers the lives of many and may produce an epidemic of trichini-spiralis or cholera.

The Stockton Excursionists.

Up to noon yesterday, 1,200 tickets had been sold in Stockton for the daylight excursion by steamboat to this city to attend the Tuolumne reunion at Badger's Park on Saturday next. This being up to the full capacity of the fine steamer chartered, the sale of tickets was stopped, though the run on the office was continued for some hours afterward, and there was talk of chartering another boat. The excursionists will bring a fine band along, and if they don't enjoy themselves it will be because the boat is overcrowded.

His Majesty the King of Gaboon, in Africa, is no more. His son and successor, King Adande, must have grown weary of waiting for the throne, for the deceased monarch was 100 years old. The new ruler uses new brooms, and has swept clean away 100 women from his father's harem. He has also liberated 50 slaves, and, better than all, he has abolished human sacrifices at religious rites. They will have a good time in Gaboon so long as it lasts.

OFFICE CONTRA COSTA WATER CO., OAKLAND, June 12th, 1877.

We hereby call your attention to the following rule:

"No consumer shall permit the water to run from his service pipe for purposes of irrigation between the hours of 9 A. M. and 4 P. M., or between the hours of 8 P. M. and 5 A. M., nor will any irrigation be allowed on Sundays."

We know of many lawns in this city that are irrigated only twice per week, and these lawns look as well as those irrigated every day. Daily irrigation will not be allowed after this date until further notice.

It is not possible to keep sufficient pressure of water on the pipes to force water into tanks on the high blocks of buildings in Oakland, while all are irrigating at the same time.

For the benefit of all consumers we are compelled to adopt the following regulations in regard to irrigation, which will be strictly enforced. On MONDAYS, WEDNESDAYS and FRIDAYS irrigation will be allowed only in that portion of the city lying EAST OF BROADWAY; on TUESDAYS, THURSDAYS and SATURDAYS all that portion of the city lying WEST OF BROADWAY. We absolutely decline supplying water to parties violating these rules and regulations.

We have plenty of water but none to be wasted, we propose to save the waste of water as much as possible so as to have a large surplus on hand in case we have one or two more dry seasons following this one, which oftens happens in this State.

This company is furnishing more water per capita than any other city in the United States; supplying eight and one-half million gallons per day to about 18,000 persons, equal to 472 gallons per head per day, which is an excessive quantity when compared with the quantity supplied in the following cities:

Washington	165	Providence	25

The EVENING TRIBUNE has a daily circulation more than double that of any other paper published in Alameda County.

AN OLD STORY.

Petroleum Cinderella dances with a pretty fellow,
And her pumpkins turn to carriages, her rats to horses fine;
Fate strikes gently on the dial, with a sound of no denial,
And her satins cease to rustle, and her diamonds cease to shine.

Forth into the chilly darkness, in her solitude and starkness,
Goes the bloom of dissipation, with no lovely fruit behind;
With no strength condensed in meekness, with no holy native weakness,
With no thorn of resolution, with no after-growth of mind.

Back to vermin shrink her horses on her pale and ghostly courses,
Rags replace her recent splendors unadmired her beauty wanes;
She bemoans the mocking fairy who uplifted her unwary
Through a pantry prize of pleasure to a multitude of pains.

Free Library Picnic.

The Directors of the Oakland Free Library Association held a meeting last evening to consider the advisability of holding a picnic on the 4th of July. An animated discussion was had relative to the place of holding and character of the proposed picnic, which resulted in the appointment of the following named gentlemen as a Committee of Arrangements Messrs Vrooman, Porter, Alexander and Lewis The Board then adjourned until Monday evening next, when the Committee will be expected to report.

It is believed that the great sensation of the next Congress will not be an attack on President Hayes by the Republicans, but a movement by the Democrats to declare Tilden elected and take means for his recognition Republicans regard the speeches of Tilden and Hendricks as very significant, and as being carefully prepared after a full and careful consultation with prominent Democrats from all parts of the country, each knowing what the other would say. Sagacious Eastern Republicans express the opinion that the Democrats are looking to an early control of the Senate as well as of the House and that when they obtain this they will refuse further appropriations for President Hayes, and recognize Tilden instead, only appropriating upon his estimates Some of the best known Democratic followers of Tilden are confident of controlling the Senate at least by the middle of Hayes' term House Democrats are considering a plan to investigate all alleged bargains made by Foster Matthews et al, for a continuation of the Electoral count

The system is debilitated and needs to be built up properly PERUVIAN SYRUP will do this very thing Like the electric current, it permeates the entire system, and harmonizing with the corporeal functions, it raises up the enfeebled and brings the color to the cheek again, and hope to the despondent It does its work promptly and well Sold by all druggists
